

icosaedro.it

by *Umberto Salsi*

You are visiting www.icosaedro.it, my personal WEB site constantly under construction. This page lists all the resources that are available in english language and that may be of some interest to the worldwide public. Programs that are packaged in their stable version are available in their respective base page. More recent updates are also available directly from the [CVS Server](#).

Enjoy!

 *Clicca [qui](#) per vedere le risorse disponibili in lingua italiana.*

Art. 1. *Italy is an oligarchic republic based on clan relations.*

Sovereignty belongs to the audience, and is exercised according and within the limits of the televote.

(Constitution of the Republic of Italy, 2.0)

Contents
